TO: Parks and Recreation Advisory Commissioners

FROM: Whitney Zeller, Community and Economic Development Manager

DATE: April 24, 2025

SUBJECT: **DISCUSSION AND RECOMMENDATION TO NAME THE NEW SHASTA LAKE SKATEPARK FACILITY**

RECOMMENDATION

Staff recommends that the Parks and Recreation Advisory Commission discuss and provide a recommendation to City Council to name the new Shasta Lake skatepark facility at the Civic Center Campus.

BACKGROUND

The City of Shasta Lake is in the final stages of constructing a new skatepark, a highly anticipated addition to the community's recreational offerings. To align with the City's Facility Naming Policy, the naming process should ensure public engagement and reflect the community's cultural, historical, and geographical significance.

The naming process was initiated on February 19th with a link to the submittal form shared via social media, the City website, flyers, and the online notification system. As of April 21, 2025, there were 56 submissions for the name suggestion form. In accordance with the Facility Naming Policy, City staff reviewed names for compliance, and a complete list of submittals have been provided to the Commission for consideration.

Per the Policy, proposed names should:

- Align with the values and identity of the City of Shasta Lake
- Evoke a strong, positive image
- Be respectful and inclusive of the community
- Avoid duplication of existing facility names
- Have broad public support

After review of the submissions, staff are recommending the following three names for the Commission's consideration:

1. Shasta Lake Skatepark
2. Turbine Skatepark
3. Boomtown Skatepark

The suggested names are believed to best fit the naming policy, aligning with the identity of Shasta Lake. The Commission's final name recommendation will be brought to City Council for final consideration and approval.

Chevy Memorial skate park	Needs Further Information	Chevy was a very well known and loved young teen that had a love for skate boarding. He was tragically killed a few years back. My late friend Chevy had a love for his community and helped others when he could. He was a very polite and respectful young man and deserves to be honored. He was a good kid and was not a troublemaker ever.	I am not sure if there are any petitions but to honor a native teen that was shot and killed in my mind and heart would be the best way to go.	No political conflicts	Chevy Sikora Memorial Skate Park. He was a respectful native teenager that loved the help others. He would hold the doors open for others walking in and out of stores and help with their bags to the car. He love to help others. He was a foot ball player for CVHS. He deserves a memorial. A skate park named in his honor. It would also help his grandmother have peace in her heart.
Chevy Sikora Memorial Central Valley Skate Park	Needs Further Information	Chevy Sikora was born and raised in Shasta Lake City, where he spent a lot of his time enjoying the skate park. Though he was tragically killed due to senseless violence, this park will serve as a powerful memorial to his life and the lives of others lost. It will be a place where children can gather, enjoy, and celebrate the joy and spirit of life.	Yes	It will highlight the strength and unity of our fellow citizens in the Central Valley area. We acknowledge the tragedies that can befall our young people and have created a place where families and children can unite to embrace the outdoors—a space for healthy activities and a friendly atmosphere.	Check comments in facebook	Who doesnt want to honor children if our community	Chevy Sikora was a vibrant young teen who grew up in the picturesque Shasta Lake City. Chevy Sikora Memorial Skate Park	Needs Further Information	to honor the life of chevy sikora. he spent lots of time at the current skate park and was well known in the community	this name lends to our small-town culture. to honor chevy with this name would be a great symbol of unification of the community. lots of members of the community would be honored.	this name would carry flawlessly with the identity of our community. it shows our unification behind a young member of the community, and his family. we are a city of people who back eachother up, supporting one-another just for the sake of it.	not officially, but i've seen lots of people suggesting similar names on facebook comment threads and in conversations i've had around town. i'm sure it would get lots of support via petition etc	i doubt that anyone would have issue with this name. perhaps for the fact that it doesn't necessarily carry historical or geographical significance. but i feel that the cultural and personal significance that it would hold for many of us is reason enough. Shasta Lake is celebrated for its stunning natural beauty and recreational opportunities, and incorporating "Shasta" ties the skatepark to this iconic region. Shasta Lake has a rich history as a hub for outdoor recreation and local tourism. By using its name, the skatepark becomes more than just a sports venue—it serves as a tribute to the region's past and a celebration of its ongoing legacy. The park can be seen as a community gathering space where local stories, traditions, and histories converge with new forms of expression and creativity. Overall, the name not only pays homage to the natural and historical significance of Shasta Lake but also transforms that legacy into a modern, energetic space that embodies community values, local pride, and the adventurous spirit of skate culture.	I think "Shasta Shred Park" clearly ties into the community values. "Shasta" likely refers to the Shasta Lake area, known for a scenic beauty and local landmarks, which could signify pride in nature. "Shred" is a skateboarding term that represents youthful energy, skill, and passion. "Park" suggests a place for a recreation and inclusiveness, bringing people in the community together. 2. To ensure that names reflect the cultural, historical, and geographical significance of the City.
3. To encourage community involvement in the naming process.
4. To honor individuals, organizations, and events that have made significant contributions to the community.
5. To select names that are appropriate to the location and remain relevant as the community grows and changes.

Guidelines for Naming

1. Cultural and Historical Significance: Names should reflect the cultural, historical, or geographical significance of the area that will endure for future generations.
2. Community Values: Names should align with the values and identity of the City of Shasta Lake and its residents.
3. Positive Imagery: Evoke a strong positive image.
4. Respect: Names should be respectful of the diverse community and its community members.
5. Community Support: Have broad public support.
6. Avoidance of Duplication: Names should be unique within the City to avoid confusion.
7. The City reserves the right to change the name to maintain consistency with these policies.

Categories for Naming

1. Geographical Features: Names that reflect the natural features of the area, such as mountains, lakes, rivers, and other prominent landmarks.
2. Historical Significance: Names that honor the historical events, people, or periods significant to the City of Shasta Lake.

3. Extraordinary Individuals: Names that honor an outstanding individual are allowed posthumously (at least three years from the date of passing) and where that person's significance and good reputation have been reviewed and acknowledged in the City's history. Naming facilities after individuals is not recommended, but will be given consideration when:
 - a. The person was exceptionally dedicated or demonstrated excellence in service in ways that made a significant contribution to the land, community, or City;
 - b. The person volunteered and gave extraordinary help or care to individuals, families, groups, or support to the community for a minimum of 10 years; or
 - c. The person risked his or her life to save or protect others.
4. Naming for Donations: A significant donation made to the City of Shasta Lake that adds considerable value to the City may be recognized through naming. As a guideline, the threshold for consideration will include one or more of the following:
 - a. Land for the majority of the facility was deeded to the City by the donor without fee credit.
 - b. Contribution of a minimum of 60% of the capital construction costs associated with developing the facility
 - c. Provision of a minimum 20-year endowment for the continued maintenance, operation, and/or programming of the facility asset.

Naming facilities with a company name is prohibited. Corporate logos, insignias, brands, or direct advertising text shall not be used in the City of Shasta Lake naming. Corporate sponsorship and naming rights may be negotiated outside of this policy.
5. Renaming: The renaming of City facilities is discouraged. Name changes will be subject to an examination that includes consideration of the original justification for the current name, the value of prior contributors, and the rationale for changing the name.

Naming Conventions

1. Names that are currently in use in the City of Shasta Lake will not be considered.
2. Names that are discriminatory or derogatory will not be considered.
3. City Council has the authority to make exceptions to the Naming Policy under special circumstances.

Naming Application Process

Any person, group, or organization may submit an application to name or rename a City facility. The application should be submitted to the City Clerk, or designee.

Applications should contain the following minimum information:

2. Proposed name for the City facility
3. Background/support for the proposed name

9. If proposing to rename a facility, the application should also include background information on the current name and rationale for requesting a new name.

Naming Approval Process

Upon receipt of a naming application, City staff will review for compliance with the Facility Naming Policy.

City staff may suggest modification of the name proposed by an applicant, with the agreement of the applicant.

Applications that comply with the Facility Naming Policy will be brought to any appropriate advisory commissions/committees (i.e. Parks and Recreation Advisory Commission, Planning Commission, Public Facilities Commission) for public review and discussion.

The Commission(s) will forward recommended applications to the City Council for further review at a public meeting.

Subject: Skatepark "Name" contest

Hi Ladies,

I submitted my idea for a skatepark name on line - it might come up under my Chamber identification, but it's really just from me.

It's easier to understand my idea as a "logo" or theme for the name. I'm attaching a rough draft of my image... it is very rough- I couldn't get the "City of Shasta Lake" to be the same size as the "Lance Mountain's " and I wanted it to curve up on the bottom edge of the circle. The font and shapes could be fixed and the skatepark design image sharpened up.

I just took a picture of my screen with my phone, but you get the idea. I'm hoping that you can put this image together with my narrative submission.

Thanks!

How does this name align with the cultural, historical, or geographical significance of Shasta Lake? *

Using "Shasta" in the name directly references a well-known local landmark. Shasta Lake is celebrated for its stunning natural beauty and recreational opportunities, and incorporating "Shasta" ties the skatepark to this iconic region. It evokes images of expansive natural landscapes and rugged terrain—elements that can inspire the creative spirit and energy of skateboarding. Shasta Lake has a rich history as a hub for outdoor recreation and local tourism. By using its name, the skatepark becomes more than just a sports venue—it serves as a tribute to the region's past and a celebration of its ongoing legacy.
